- Learn how to set up items used to track time worked by owners or partners
- Learn how to pay nonemployees for time worked

Track Time and Mileage

QuickBooks provides time tracking for any job. Time tracking lets you keep track of the time a person spends on each job (including sick and vacation time and time spent for general overhead). The person whose time you track can be an employee, an owner or partner or a subcontractor.

Step-by-Step: Turn on Time Tracking

1. Make sure you are signed in to the QuickBooks company as the Admin user. (If other users have been set up on other computers to access the company in multi-user mode, ensure they are not signed in and you are in single-user mode.)
2. From the Edit menu, choose **Preferences**.
3. Click **Time & Expenses** in the left panel then click the **Company Preferences** tab. (You will likely have to scroll down as the list of preferences in the left panel is alphabetical and preferences that are at the end of the alphabet will be at the bottom.)
4. Make sure **Yes** is selected as the answer to the question *Do You Track Time?*
5. Click **OK** to save the preference setting.

NOTES

Enter Time Data

Below are two ways to get time data into a company file:

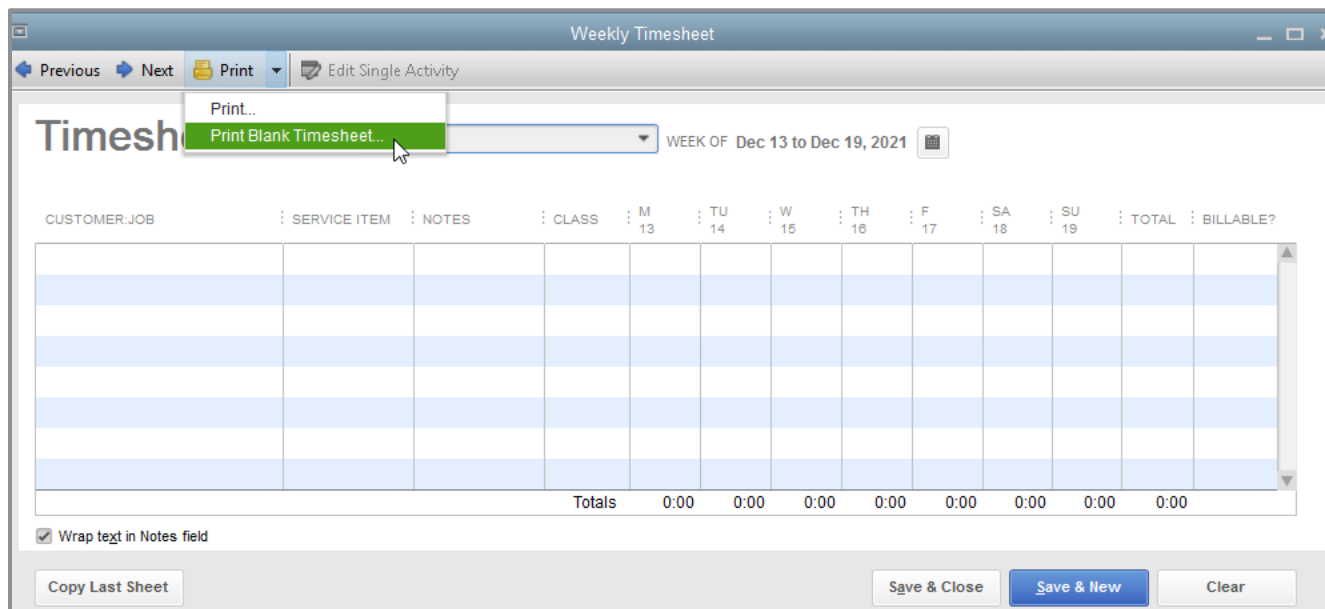

- Enter time directly onto a weekly timesheet or single activity form in QuickBooks
- Use the Stopwatch in the Time/Enter Single Activity window to time an activity while you are performing it

When you track time with QuickBooks, you have a choice of two forms to enter time: Weekly Timesheet or the Time/Enter Single Activity window. If you want to enter time for multiple jobs or multiple days, then the Weekly Timesheet is the best choice.

CUSTOMER:JOB	SERVICE ITEM	NOTES	CLASS	M 29	TU 30	W 1	TH 2	F 3	SA 4	SU 5	TOTAL	BILLABLE?
Teschner, Anton:Sun Room	Framing					8:00	8:00	4:00			20:00	<input checked="" type="checkbox"/>
Teschner, Anton:Sun Room	Removal							4:00	8:00	8:00	20:00	<input checked="" type="checkbox"/>
Totals				0:00	0:00	8:00	8:00	8:00	8:00	8:00	40:00	

A single activity entry shows the time spent by one person performing a single activity for a single job on a single date. If you tend to enter a lot of detailed notes about your activities, or you prefer to enter time data as you complete an activity, use the Time/Enter Single Activity window instead.

If you have employees who don't have access to a computer or who don't have access to QuickBooks, you can print blank copies of the weekly timesheet for your employees to fill out by hand.

Step-by-Step: Print a Blank Timesheet

1. Open the Weekly Timesheet (either from the Home screen by clicking the **Enter Time** icon or, from the Employees menu, choose **Enter Time** then choose **Use Weekly Timesheet**).
2. From the Print drop-down menu, choose **Print blank timesheet**.
3. In the Print Timesheets window, click **Print**.

NOTES

Record Employee Time on Weekly Timesheets

Step-by-Step: Enter Information on a Weekly Timesheet

1. On the Home page, click **Enter Time** then click **Use Weekly Timesheet**.

CUSTOMER:JOB	SERVICE ITEM	NOTES	CLASS	M 28	TU 29	W 30	TH 1	F 2	SA 3	SU 4	TOTAL	BILLABL...
Abercrombie, Kristy:Remodel Bathroom	Removal				4:00						4:00	☑

Totals				8:00	8:00	8:00	8:00	0:00	8:00	0:00	40:00	

2. In the Name field, select the employee from the drop-down list.

IMPORTANT: Timesheets can be entered in batches by selecting **Multiple Names (Payroll)** or **Multiple Names (Non-Payroll)** in the drop-down list for the Name.

3. Choose the proper week by clicking on the **calendar** icon.
4. Choose the corresponding Customer:Job in the first column.
5. Enter the corresponding service item in the Service Item column. If you have additional items for Payroll and Workers Comp, enter those as well.

6. Enter the daily hours into the timesheet.
7. The Billable column to the right of the Total column tells QuickBooks if the time will be transferred to an invoice. A checkmark in the field indicates you want to invoice the customer for time worked.
8. If you do not plan on invoicing the customer for time worked, you can click the **checkbox** to remove the checkmark.
9. Click **Save & Close** to record the Weekly Timesheet.

IMPORTANT: Time tracked for employees can be set up to transfer to their paychecks if you are using QuickBooks Payroll. On each employee's information in the Employee Center, select the **Payroll Info** tab and check the box next to **Use time data to create paychecks**. Then their gross pay will be allocated to the correct customer or job, according to how their time was tracked.

NOTES

Enter Mileage

By tracking your vehicle mileage, you can enter, sort and print lists of your vehicles and the mileage you've driven for work-related tasks. You can use this information for tax deductions and billing customers.

Step-by-Step: Record Mileage

1. From the Company menu, choose **Enter Vehicle Mileage**.
2. In the Vehicle field, select the corresponding vehicle.
3. Use the Start Date and End Date fields to note the dates of the mileage.
4. Enter the miles driven in the Total Miles field.
5. Choose the corresponding customer/job from the Customer:Job field.
6. In the Item field, select **Mileage** from the drop-down list.

Invoice a Customer for Billable Expenses

Step-by-Step: Invoice a Customer for Time and Costs

1. On the Home page, click **Create Invoices**. (You can also access the Invoice window from the **Customers** drop-down menu or by selecting **Ctrl+i**.)
2. Select the customer/job you wish to invoice from the Customer:Job drop-down.
3. If you see a Billable/Time Costs pop-up window, click **Select the outstanding billable time and costs to add to this invoice?** then click **OK**.

4. If you accidentally dismissed this window, you can click on **Add Time/Costs** in the Main tab at the top of the invoice.

- 5. Select the outstanding billable time and costs in the four tabs of the Choose Billable Time and Costs window.

NOTES

Display Project Reports for Time Tracking

The Time by Job Summary report summarizes the total hours for each job. The Time by Job Detail report breaks down those summary figures into hours for each service item and customer/job.

Step-by-Step: Create a Time by Job Report

1. From the Reports menu, choose **Jobs → Time & Mileage**.
2. From the submenu, choose **Time by Job Summary**.
3. Use the Dates field to specify a typical date range (such as This Fiscal Year-to-Date) or use the From/To fields to customize the date range you would like to view.

Scroll through the report to see the time by job.

View Time Data in More Detail

Like all QuickBooks reports, you can QuickZoom any of the numbers in a report to see more detail. Suppose you want to see who worked the eight hours on installation for Brian Cook's kitchen. You can point to that number in the report and double-click to get more information.

Step-by-Step: View more Time Detail in the Report

1. In the Time by Job Summary report, position your mouse pointer over the hours you wish to view in detail then double-click.

NOTES

Create Service Items for Subcontractors

When the company file has time data for a person who is not on your payroll, you can write checks based on the time worked. QuickBooks can transfer time data for a specified date range to a check. QuickBooks prefills the Items tab of a check with information from the time data, including hours worked and rate.

When you use service items for subcontractors, QuickBooks records expenses and income for the work in separate accounts. You can use such items on both purchase forms and sales forms.

Step-by-Step: Set up a Service Item for Subcontractors

1. From the Lists menu, choose **Item List**.
2. Click the **Item** menu button (bottom left) then choose **New**.
3. In the Type field of the New Item window, choose **Service** from the drop-down list.
4. In the Item Name/Number field, enter the name for your item (e.g., *Planning*).
5. Select the **This service is used in assemblies or is performed by a subcontractor, owner, or partner** checkbox.
6. In the Description on Purchase Transactions field, enter the default description you would like to appear when the item is used on purchase transactions.
7. In the Cost field, enter the per unit price you pay for the services.
8. From the drop-down list in the **Expense Account** field, choose the corresponding expense account the subcontractor payment should be posted to (e.g., Subcontractor expense).

IMPORTANT: *If you pay owners (or partners) for time worked, you need a service item that records the cost of the work as a draw against equity rather than an expense.*

9. In the Sales Price field, enter the per unit price you charge your customer for the service.
10. Select the appropriate Tax Code (Tax or Non).
11. In the Income Account field, enter the corresponding income account that income should be mapped to when the item is used on invoices.
